## Your guide and ceremonial master Crystal Ra Laksmi - Eclectic Transformer

**Crystal Ra Laksmi**, founder and international instructor of Wantra is originally from Estonia and is a world traveller by nature. It is her mission to inspire people to create the life of their dreams. Crystal is an inspirational path maker, connecting people from different continents. She believes that her education, together with her collection and study of healing modalities for the past 15 years and her travels around the world, has allowed her to perfect a system of 'organized tranquility' to share with others.

Crystal Ra has local connections and a know-how of the places where the usual tourist has no access. Crystal Ra 'reads' people individually as well as the group energies and acts accordingly to inspire people to change and become more conscious and leaving the old patterns behind and doing it with joy and fun. Crystal Ra also combines all different kinds of mind, body, and spirit techniques making new patterns according to the group's desire (additional price for energy healing, Auratransformation™, new time children energy sessions, tantra body sessions, Wantra™ water therapy, consciousness techniques, clearing of the old patterns, energies and spirits, stretching, etc). She can add on loads of more adventures as the group evolves and opportunities arise.

## Your second guide Michael Ditton - Master of Solving

From an early age of eight, Michael was an entrepreneur and as he developed his skills

over the years he managed various companies and found a true calling in sales leading to his career in real estate investments and small business ownership. Michael owned and operated five companies and had many real estate holdings. In 2007 he sold all of his businesses and real estate assets and set sail for the new adventures. After several years in the making Michael launched his book 'Dreams, Goals and Adventure' in November 2015.

Michael spent 6 seasons in Alaska working in the tourism industry between guiding and managing multiple companies with over 50 employees. Michael's cooperation with Crystal Ra brings additional leadership skills, tools and techniques to enrich each participant's experience.

\*\*\*

Crystal Ra has lead these Hawaii retreats both alone and with different cooperation partners since 2009. Now there is a possibility to put together Crystal's expertise about Hawaii and add Michael's experiences and knowledge from his life and businesses and co-create many

projects, events and retreats, in order to influence as many people they can to live more of their dreams.

## Your personal Hawaii adventure

This is truly holistic retreat for your body, spirit and mind creating more harmony, balance and abundance. You get practical tools and experiences how to access your inner treasures, as well as your 4 elements and other techniques. These techniques can change your life quality completely and help you to create the life of your dreams.

All of this is weaved together with magical adventures in the powerful Mother Nature of Hawaii - through the rain forest jungles, lava fields, ocean swims and more - in one of the most potent places on the Planet.

You get in touch with the new you - your new qualities, desires and possibilities.

We put your new seeds into the soil so that with time and your new habits you can take care of your new garden and pick some juicy fruits.

Waipio Valley

## What happens? Shift happens!

This is your time to totally let go and relax, as the group guide(s) will take care of the logistics, practicality and the essence of the flow of events. As we are adventuring on the magical island all kinds of changes may occur which lead the group guide(s) to make decisions or changes accordingly. **Softness, being flexible, trust, letting go and going with the flow are virtues on this trip.** This is an adventure which can be the most magical fairytale of your lifetime!

Adventure Retreat of 2016

## Example program for 10 days

1. We delete and destroy the old patterns with a specific introduction course during the first day, which uses many tools from the old Hawaiian healing technique called Huna. An amazing way to get to know others who adventure with you. It helps us to unite with each other as the 'ohana' which means 'family' in the Hawaiian language. Relaxing time on the beach, and some healthy food and aloha magic to spice it up in the evening.

Jungle Road in Puna District

2. We head to the National Volcano park early the next morning. We visit the volcano park and do a little rainforest walk with a special welcome and mindfulness presence. We also walk through the Thurston lava tube. We arrive in Puna to our lava sanctuary accommodation and if there is time we will visit the local natural hot ponds.

3. Activating the sacred feminine, we do a special adventure to the old Hawaiian secret spot, as well as activating Mother Earth, and Earth element in us. After that there is an opportunity to get a little one on one taste of the Wantra water therapy with Crystal in the natural hot ponds, while others try on the snorkelling equipment. In the evening there can be some meetings with the locals or leisure time.

4. Early lava walk depending on the current lava flow. Later we visit Akaka Falls

Green Sand Beach

park. Dinner in Hilo, the capital of the island.

5. Driving back to Kona. Hike to the Green Sand Beach, with special trust and mindfulness integration, as well as integrating all the 4 elements and abundance and prosperity activation. Back in Kona in the evening.

6. Early morning open ocean swim with Crystal's guidance with a possible wild dolphins swim. Labyrinth walk in the Peace Park or healing walk in Honaunau - one of the most powerful healing vortexes of the world. Private sessions, group sessions or local events.

7. Morning ocean swim with the dolphins. Afternoon hike or pilgrimage. Private sessions.

8. Visiting Waipio Valley, the Kings Valley. Welcoming on the beach, chill out time on the beach and walk in the Valley.

9. Dolphin swim in the morning. Group or private sessions. Pololu Valley visit

10. Dolphinswim. Packing, wrapping up for those who leave. Final dinner in Kona.

## Bonuses and benefits which will be included with this group adventure:

Waipio Valley Stone Ritual for Ancestors

**Special notice** - This adventure is a very personalised and customised group set up and considered a **deeper adventure retreat**. You will connect more with yourself through others within your group, nature's powerful energy and the animals of Hawaii - the Big Island! We guarantee amazing memories and experiences! This is not your traditional travelling where we sit under palm trees and drink Mai Tais, **instead we will be drinking the elixir of life from Hawaii**. This group is a non smoking, no drugs or any other illegal substances group.

In order to benefit fully from what this adventure has to offer we recommend you leave work at home and limit the use of your digital devices throughout the whole

trip.

Special interview process will be done with each participant for the admission to the group.

\* Program subject to change.

Mahalo and welcome!
