Abundance
Anthropologist

Today's tasks are following:

- Write down what are your intellectual skills and knowledge at the moment?
- Write down the list of your passions! Why do you love to do and express what is your passion?
- What do people need at the moment? What could you put together from the 2 previous answers?
- Become aware of your fears in this creation process!
- Be courageous and smart and ask help as well advice from those who are already ahead of you.
- Make a real action plan and become the boss for your business but also for your life!

Enjoy today's tasks and know that your life can change one step at the time!
