

How to come to the Watsu Sayulita Center

Here is the general map how to get to the Watsu Sayulita Center. The guidance I give here is given for those walking from the Sayulita central plaza. From the Sayulita Central Plaza, walk all the way to the local main bus station. Pass the bus station and keep going till you get to the first street turning to your right. On the corner you see this big poster and the street heading down. You will have the fire department office on the corner opposite to the house on the picture.

The street you turn to is called M. Plasencia and you can see the street name on the corner of the street.

The general view to the street you are going to turn on your right side.

Next you will pass this little lot on sale (per 16.12.2013), where there is this horse. The horse is quite curious and may come to greet you!

Next you will pass this beautiful door on your right with the dolphin. You are on the right track!

After this you will go through the little river (most of the time of the year without any water)
You keep going until you get to the main road. You cross the main road and you can see
there is a sign for OM yoga center there. Cross the big road.

Here you see the main road. You have to go a bit up to cross it and then down again. On
your right you see the bridge. You are on the right track!

From the roadside you can see on the right side while crossing Om Yoga sign.
Cross the main road and keep going.

The village road goes down the hill into the village. Keep going.

The rest of the road you just keep going straight. There you can see this entrance to one property which is locked with this huge gate on your left. You keep going.

Next you will see a little road going to the left. Looks like this, but you still keep going straight.

After this there is another road coming to the left, which is marked with this stone. But you still keep going straight!

Next you will see on your right the sign ECO HOMES. You are on the right track. Keep going!

After this you will slightly see the gates of the ranch just ahead of you. Keep going, you are almost there. If you get closer to the gates, you may have some dogs come and bark at you, but do not hesitate to say hello and show respect and they will not harm you.

**Welcome, you have arrived! Well done! Do not hesitate to call if you are lost!
